CONTENTS OF VOL. 244

ORIGINAL ARTICLES

No. 1.—July

Observations on the Mechanism and Treatment of Ascites in Hepatic Cirrhosis. By Woo Yoon Chey, M.D. and Harry Shay, M.D., Philadelphia, Pennsylvania 1

Hematologic Toxicity of a Chloramphenicol Analogue. By Leif G. Suhrland, M.D. and Austin S. Weisberger, M.D., Cleveland, Ohio. 16

An Evaluation of the Muscle Relaxant Properties of Chlordiazepoxide. A Double-Blind Study. By Jack Wickstrom, M.D. and Ray Haddad, M.D., New Orleans, Louisiana 23

Actinospectacin: An *in vitro* Study of Effectiveness against Pathogenic Bacteria. By James W. Hall, III, M.D. and Earl Orth, Jr., Minneapolis, Minnesota 30

Bronchopulmonary Nocardiosis. By B. H. Webster, M.D., Nashville, Tennessee 40

Abnormalities of Circulating Cells and Proteins in Hydralazine-treated Patients without Toxic Symptoms. By H. Mitchell Perry, Jr., M.D., Henry A. Schroeder, M.D. and Phillip Comens, M.D., St. Louis, Missouri 44

The Spinal Fluid Proteins in Cerebrovascular Disease. By David Bronsky, M.D., Sherman E. Kaplitz, M.D., Ralph D. Ade, M.D. and Alvin Dubin, M.S., Chicago, Illinois 54

Glucose-6-Phosphatase Activity in Human Serum. By Sanford M. Mossberg, M.D., George Ross, B.S. and Jesse Berkowitz, M.D., New York, New York 59

The Effects of Guanethidine on Skeletal Neuromuscular Transmission. By William W. Hofmann, M.D. and Alfred P. Spivack, M.D., Palo Alto, California 64

Further Experiences with Saint's Triad (Hiatus Hernia, Gallstones and Diverticulosis coli). By Eddy D. Palmer, Colonel, MC, USA, Fort Sam Houston, Texas 70

The T sÊ-Loop in Congenital Ventricular Septal Defect. By George E. Burch, M.D. and Waldemar J. Wajszczuk, M.D., New Orleans, Louisiana 75

Blockypnea (Inhibited Respiration), an Equivalent of the Anginal Syndrome. By Hugo Roesler, M.D., Philadelphia, Pennsylvania 85

Clinical Studies with 5-Fluorouracil in 47 Patients. By Harold W. Schell, M.D. and Norman L. Cressy, M.D., Norwich, Connecticut 88

No. 2.—August

The Infants of Diabetic Mothers. By Harry H. Gordon, M.D., Baltimore, Maryland 129

Periodic Hypertension. By Hobart A. Reimann, M.D., Lewis C. Mills, M.D. and John H. Nodine, M.D., Philadelphia, Pennsylvania 145

Platelets and Pharmacologic Compounds in Radiation-Induced Hemorrhagic Diathesis. By Giovanni Racciglia, M.D. and Chris J. D. Zarafonetis, M.D., with the technical assistance of Miss Lynne Ballantyne, Ann Arbor, Michigan 152

Methyl Alcohol Poisoning. By Kenneth Kaplan, M.D., Leavenworth, Kansas 170

Studies with Tularemia Vaccines in Volunteers. V. Immunodiffusion Studies with *Pasteurella tularensis* Antigen-Human Antibody Systems. By Samuel Saslaw, M.D., Ph.D., Harold N. Carlisle, Ph.D. and Velma Hinchliffe, B.A., Columbus, Ohio 175

The Systemic and Coronary Hemodynamic Effects of Intravenous Administration of 50% Glucose. By George G. Rowe, M.D., Skoda Afonso, M.D., Cesar A. Castillo, M.D., William C. Lowe, M.D. and Charles W. Crumpton, M.D., Madison, Wisconsin 186

Clinical Evaluation of a Thyroid Analog in Patients with Hypercholesterolemia, Angina, Claudication and Diabetes. By Emil P. Taxay, M.D., Miami, Florida 191

Xanthurenic Aciduria in Tropical Sprue. By Miles H. Sigler, M.D., Thomas W. Sheehy, Major, MC, Rafael Santini, Ph.D. and Milton E. Rubini, M.D., San Juan, Puerto Rico 197

Cerebral Physiology of the Augmented Valsalva Maneuver. By Ralph W. Alman, M.D. and Joseph F. Fazekas, M.D., Boston, Massachusetts 202

Hypotensive and Collateral Effects of Syrosingopine, Compared with Reserpine. By Pablo Thomsen, M.D. and Pablo Casanegra, M.D., Santiago, Chile 211

The Establishment and Operation of a Long Term Anticoagulation Clinic. By John A. Udall, M.D., San Francisco, California 214

Hepatic Dysfunction Associated with Triacetyloleandomycin Demonstrated by "Challenge." By Murry M. Robinson, M.D., Washington, D.C. 221

No. 3.—September

Some Biological Effects of the Digestive Flora. By René Dubos, Ph.D. and Russell W. Schaedler, M.D., New York, New York 265

Mental Stress and Serum Lipid Variation in Ischemic Heart Disease. By C. Horwitz, M.Sc., B.Ed. and B. Bronte-Stewart, M.D., M.R.C.P., Cape Town, South Africa 272

The Urinary Excretion Pattern of Trace Metals in Diabetes Mellitus. By Lawrence E. Meltzer, M.D., Julia Rutman, M.S., Philip George, Ph.D., Robert Rutman, Ph.D. and J. Roderick Kitchell, M.D., Philadelphia, Pennsylvania 282

Studies of the Role of Continuing or Recurrent Streptococcal Infection in Rheumatic Valvular Heart Disease. By Julio Guasch L., M.D., Alberto Vignau I., M.D., Edward A. Mortimer, Jr., M.D. and Charles H. Rammelkamp, Jr., M.D., Santiago, Chile, and Cleveland, Ohio 290

Studies on the Hemostatic Breakdown during Massive Replacement Transfusions. By Mario Stefanini, M.D., Boston, Massachusetts and Toledo, Ohio 298

True or Absolute Bone Marrow Failure. By E. R. Movitt, M.D., J. F. Mangum, M.D., E. D. Jung, M.D. and W. R. Porter, M.T., Oakland, California 306

The Clinical Application of Thyroid Stimulation and Suppression Tests. By Charles T. Knorpp, M.S., Mary H. Rennie, B.S., Eugene P. Frenkel, M.D. and Donald R. Korst, M.D., Ann Arbor, Michigan 316

A Simple Bloodless and Painless Presumptive Test for Pericardial Fluid and Thickening. By Ben Friedman, M.D. and Howard H. McClure, Jr., M.D., Dallas, Texas 321

Relation of Transferrin to Serum Bacteriostatic Activity in Agammaglobulinemic and Other Patients. By Christopher M. Martin, M.D., Jersey City, New Jersey 334

An Evaluation of the Efficacy of Methopholine for the Relief of Postoperative Pain. By James Moore, M.D., B.Ch., F.F.A.R.C.S., Francis F. Foldes, M.D. and George M. Davidson, M.B., F.F.A.R.A.C.S., Pittsburgh, Pennsylvania 337

The Serum Amylase in Experimental Liver Damage. By Jean A. Chapman, M.D. and Michael M. Karl, M.D., St. Louis, Missouri 344

No. 4.—October

Certain Clinical Manifestations of Atherosclerosis and Suggestions for Their Control. By William S. Middleton, M.D., Washington, D.C. 403

A Comparative Evaluation of the Jet Injection Technique (Hypospray) and the Hypodermic Needle for the Parenteral Administration of Drugs: A Controlled Study. By Austin H. Kutscher, D.D.S., George A. Hyman, M.D., Edward V. Zegarelli, D.D.S., M.S., J. Dekis, R.N. and John D. Piro, D.D.S., New York, New York 418

The Relation of Life Stress to the Concentration of Serum Lipids in Patients with Coronary Artery Disease. By Charles Cathey, M.D., Harry B. Jones, M.D., John Naughton, M.D., James F. Hammarsten, M.D. and Stewart Wolf, M.D., Oklahoma City, Oklahoma 421

Further Observations on the Sickling Phenomenon. By Charles L. Vassallo, M.D. and Abraham M. Frumin, M.D., Philadelphia, Pennsylvania 442

Isolated Pulmonic Valvular Regurgitation. By Samuel A. Laneve, M.D., Chishu T. Uesu, M.D. and James T. Taguchi, M.D., Columbus Ohio 446

Inhibitors of Tissue Thromboplastin in the Clinical and Experimental Defibrination Syndrome. By Mario Stefanini, M.D., Rinaldo A. Turpini, M.D. and Alejandro Q. Arce, M.D., Boston, Massachusetts 459

Oxygen Saturation and Spontaneous Fibrinolytic Activity. By Robert L. Clarke, M.D. and Eugene E. Cliffton, M.D., New York, New York 466

Hippuric Acid Clearance in Bacteriuric Patients with Degrees of Renal Impairment. By Joseph N. Corriere, Jr. and Christopher M. Martin, M.D., Jersey City, New Jersey 472

An Evaluation of a New Antibiotic, Actinospectacin, in Infections of the Urinary Tract. By Robert I. Lindemeyer, M.D., Marvin Turck, M.D. and Robert G. Petersdorf, M.D., Seattle, Washington 478

Laboratory Studies on Methicillin. By Leon D. Sabath, M.D., Bosko Postic, M.D., M.P.H. and Maxwell Finland, M.D., Boston, Massachusetts 484

No. 5.—November

Mild Hemophilia A: Probability of a Variant. By Armand J. Quick, M.D., Milwaukee, Wisconsin 535

Identification of a Simple Chemical Compound (Chlorogenic Acid) as an Allergen in Plant Materials Causing Human Atopic Disease. By Samuel O. Freedman, M.D., Azra I. Siddiqi, Ph.D., John H. Krupey, B.Sc. and Alec H. Sehon, Ph.D., Montreal, Canada 548

Side Effects of Triparanol Therapy. By Harold O. Perry, M.D., R. K. Winkelmann, M.D., Richard W. P. Achor, M.D. and Thomas J. Kirby, Jr., M.D., Rochester, Minnesota 556

Human Gastric Electrolyte Secretion in Certain Anemias. By Martin H. Floch, Captain, MC and William H. Meroney, Lt. Colonel, MC with the technical assistance of Jose Matrinez de Jesus, B.S., San Juan, Puerto Rico 564

Therapeutic Phlebotomies in Idiopathic Hemochromatosis. By Jerome I. Brody, M.D., Doris McKenzie, M.D. and Sanford G. Kimball, M.D., Coral Gables, Florida 575

Renal Excretion of $Co^{57}B_{12}$ in Renal Disease. By Ted L. Edwards, Jr., M.D., W. Page C. Clason, M.D. and Ralph F. Reinfrank, M.D., Hartford and Newington, Connecticut 587

Jaundice and Hepatitis in Patients Who Have Received Hydrazine-Base Monamine Oxidase Inhibitors. By George C. Griffith, M.D. and Robert W. Oblath, M.D., Los Angeles, California 593

Sickle-Cell Thalassemia Disease and Pregnancy: A Case Study. By A. B. Henderson, M.D. and Elihue B. Potts, M.D. with the technical assistance of Doris Burgess, M.T. and Francis White, M.T. (A.S.C.P.), Detroit, Michigan 605

Oral and Intravenous I^{131}-Triolein Tests in the Assessment of Disturbed Triglyceride Metabolism. By Stanley Wallach, Lt. CDR, MC, USNR and H. Leonard Jones, Capt., MC, USN with the technical assistance of Lawrence Freshette, HM2, USN and Leighton Barlow, HM3, USN, Chelsea, Massachusetts, and Brooklyn, New York 612

Skin Temperature after Eating: Evidence Bearing upon a Thermostatic Control of Food Intake. By Albert J. Stunkard, M.D., William L. Clovis, M.D. and Spencer M. Free, Ph.D., Philadelphia, Pennsylvania 622

No. 6.—December

Incoordination of the Cardiac Contraction in Clinical Conditions; as Judged by the Ballistocardiogram and the Pulse Derivative. By Isaac Starr, M.D. and Shigeru Ogawa, M.D., Philadelphia, Pennsylvania 663

Changes in the Pulse during the Auscultatory Gap. By Charles D. Enselberg, M.D. and Hunter Heath, M.D., New York, New York 681

Long-Term Corticosteroid (Corticoid) Therapy in the Chronic Asthmatic Patient. By Louis Tuft, M.D., Philadelphia, Pennsylvania 686

Observations on Acute Anemia of Alcoholism. By Ralph M. Myerson, M.D. and Donald Gilbert, M.D., Philadelphia, Pennsylvania 696

Alcohol and Cholelithiasis: A Necropsy Survey of Cirrhotics. By Jere F. Davidson, M.D., Philadelphia, Pennsylvania 703

A Catheter Technique for Intrapleural Administration of Alkylating Agents: A Report of Ten Cases. By Lawrence Taylor, M.D., Bryn Mawr, Pennsylvania 706

Interscapular Tenderness: A Clue to the Diagnosis of Duodenal Ulcer. By John D. Lawson, Lt. Colonel, MC, USA, Fort Rucker, Alabama 717

Conduction Velocity and Residual Latency in the Human Ulnar Nerve and the Effects on Them of Ethyl Alcohol. By Morton D. Low, M.D., C.M., M.Sc.(Med.), John V. Basmajian, M.D. and Gerald M. Lyons, B.A., M.D., C.M., Kingston, Canada 720

The Use of Sodium Dextro-Thyroxin in Patients with Angina Pectoris. By Campbell Moses, M.D., J. R. Jablonski, Ph.D., J. H. Sunder, M.S. and Leon B. Katz, M.D., Pittsburgh, Pennsylvania 731

Clinical and Serum Lipid Effects of a Combination of Norethynodrel Plus Ethynylestradiol 3-Methyl Ether in Postmenopausal Women. By Roger W. Robinson, M.D., William D. Cohen, Ph.D. and Norio Higano, M.D., Worcester, Massachusetts 736

Evaluation of a New Respiratory Stimulant: Dimefline. By William P. Bailey, Jr., M.D. and Geoffrey L. Brinkman, M.D., Detroit, Michigan 744

Tubeless Gastric Analysis by Desmoid Pill Technique. By Vernon M. Smith, M.D., David L. Abramson, M.D. and Ruben P. Mallari, M.D., Baltimore, Maryland 749

PROGRESS OF MEDICAL SCIENCE

Medicine

The Role of Emotional Factors in the Etiology and Course of Diabetes Mellitus: A Review of the Recent Literature. By Theodore F. Treuting, M.D., New Orleans, Louisiana 93

Neurology and Psychiatry

Polyneuropathy and Diabetes Mellitus. By George W. Holt, M.D., Denver, Colorado 110

Ophthalmology

Malignant Glaucoma; Secondary Glaucoma; Pseudoglaucoma; Prodromal Glaucoma; and Prodromal Malignant Glaucoma. By Henry L. Birge, M.D., Hartford, Connecticut 225

Surgery

Pathophysiology of Endotoxin Shock. Clinical Observations and Experimental Studies. By Fikri Alican, M.D., Jackson, Mississippi. 237

Pathology and Bacteriology

Phlebothrombosis, Pulmonary Embolization and Pulmonary Hypertension. By Ira Gore, M.D. and Kenzo Tanaka, M.D., Boston and West Roxbury, Massachusetts. 351

Preventive Medicine and Epidemiology

Chickenpox: An Epidemiological Review. By John E. Gordon, Ph.D., M.D., Boston, Massachusetts 362

Oto-Rhino-Laryngology

Cancer of the Hypopharynx and Larynx. By Joseph H. Ogura, M.D., St. Louis, Missouri 501

Dermatology and Syphilology

Mastocytosis. By Thomas Pastras, M.D. and Herman Beerman, M.D., Philadelphia, Pennsylvania 510

Radiology

Epidermoid Carcinomas of the Oral Cavity: A Review. By Martin Schneider, M.D., Galveston, Texas 628

Therapeutics

The Sedative, Central Analgesic and Anticonvulsant Actions of Local Anesthetics. By Theodore Koppanyi, Ph.D., Washington, D.C. 646

Obstetrics and Gynecology

Estrogen Excretion as an Index of Placental Function. A Review. By John W. Greene, Jr., M.D., Joseph C. Touchstone, Ph.D. and Harry Fields, M.D., Philadelphia, Pennsylvania 756

Pediatrics

Trisomy of Chromosomes 13-15 and 17-18: Its Association with Infantile Arteriosclerosis. By R. L. Rosenfield, M.D., S. Breibart, M.D., H. Isaacs, Jr., M.D., H. D. Klevit, M.D. and W. J. Mellman, M.D., Philadelphia, Pennsylvania 763

NEW BOOKS AND NEW EDITIONS

Book Reviews and Notices 124, 258, 390, 524, 655, 780
